**Road Improvements Scheduled for Owens Dr.**

Galveston County Precinct #3 will be starting road improvements on Owens Drive on August 8, 2011. The work is schedule from August 8, 2011 to January 5, 2012. The road will be closed to northbound traffic. We recommend residents use FM 646 when possible or enter

Green Caye Village from our exit gate located at Akumal Calle and California Street. Having the road closed to northbound traffic will have it inconveniences but Owens Drive was in need of repairs. Many parts of the concrete road were cracked and the blacktop had developed potholes that add wear and tear to vehicles. There had been talks of installing a sidewalk as well so Dickinson High School students would have a safer commute home. However, we were unable to confirm this with the offices of Galveston County Precinct #3. The construction firm in charge of this major undertaking will be storing their machinery and equipment on the vacant land across the street from the Green Caye convenience store. No improvements or construction is scheduled for this property at this time. Green Caye Village is excited about our area's new road and we appreciate our residents' patience and understanding.

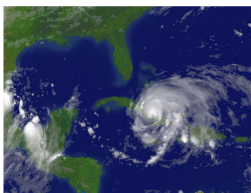

**Support Name Change for Caroline Street**

Green Caye Village has requested a name change for Caroline Street to Green Caye Blvd. The name change would extend from FM 646 to the stop sign entering our community in front of the Green Caye Convenience

Store. Green Caye Village is not located on a high traffic road and the name change would benefit residents and emergency response vehicles. The name change would allow law enforcement and emergency responders to locate our community quicker and reduce the chance of personnel not familiar with the Dickinson area from getting lost. This is important when time is of the essence and every second counts. Please inform our county commissioner, Stephen Holmes if you support the name change. Thank you for your assistance in this matter.

## Dickinson ISD News:

### [Back to School student registration dates set for new and also current DISD students](#)

All Dickinson ISD campuses require parents to re-register current students to allow the schools to verify address and other student data information. Parents of current students are asked to bring proof of residency, such as a copy of a current utility bill or lease/rental agreement with name of parent/guardian.

Parents registering students new to Dickinson ISD are asked to bring the student's birth certificate, social security card, updated immunization record, parent identification, student's last report card, proof of residency and complete custody papers (if applicable). High school students should also bring their unofficial transcript showing courses already taken.- Article courtesy of gatorbytes
